

## 2020 is a year we will never forget

It is probably impossible to try to sum up 2020 without mentioning Corona. Our business concept is to offer and implement sustainable, effective and attractive solutions for corporate establishments and intermodal transport services in the region, with the aim of creating more jobs in Eskilstuna. To achieve these aims during the pandemic, our guiding philosophy has been not to cancel, but to adjust, and this has enabled us to continue to preserve and develop our relationships.

### What a year for establishments!

As I said, a (record) year we will never forget. During the year we have had major successes in our sales work, and several companies have chosen to establish themselves in Eskilstuna. This is thanks to long-term, strategic work, in conjunction with an well developed network, excellent relationships and effective processes.

We extend a warm welcome to GardenStore, Logicens, Kuehne+Nagel with Amazon, COOP, DWS, Footway, Frode Laursen and Bockasjö.

### Stable at Eskilstuna Intermodal Terminal

Despite the Corona pandemic, up to the end of November we have essentially handled the same volumes as for 2019, which was a record year.

This confirms the market's desire to work proactively to ensure a more sustainable society and, more concretely in this case, to move freight from road to rail. A modern and efficient Intermodal terminal offers solutions for companies in the Stockholm-Mälardalen region. We perceive continued increased interest for the coming year, with several interesting projects that support sustainable transport solutions.

2020 was also the year when the restaurants Kin Kitchen, Casa Nostra and Burgeriet opened their doors in Eskilstuna Logistics Park and together they now make up Restauranghuset.

In these pandemic times, our airport has really shown what an important community function it has, as we have handled a significant number of ambulance flights.

As I said, 2020, a year we will never forget! We wish all our partners and our network a really nice break and a Merry Christmas and a Happy New Year for 2021!

David Hofmann, CEO, Eskilstuna Logistik och Etablering AB

## Read previous issues of Progress Report

In Progress Report we write about everything that concerns establishments and logistics in and around Eskilstuna, with the focus on the Intermodal Terminal and the Logistics Park. If you are curious about what we have written about in previous issues, then you can find the editions of our newsletter [here](#)

## Curious about a site in Eskilstuna Logistics Park? 300 000 square metre site directly beside the E20

### THIS IS WHERE YOU CAN MEET US DURING 2021

We are monitoring the development of coronavirus and awaiting a decision on which events will be held.

**logistik**

*Our logistics area is directly adjacent to rail, motorway and air links in the Stockholm-Mälardalen growth area. We have one of the country's leading container terminals and a large logistics park. We want to offer long-term, sustainable and efficient solutions for companies and easy access to several different modes of transport. That's how we will create more jobs in Eskilstuna.*
